SITUATION

1. General . The establishment of an MHSRA shooting program IAW (In accordance with) Ref A will offer MHSRA members and additional event in which to compete and qualify for the National Finals annually.
2. MHSRA Sport Shooting Coordinator Intent. To provide proper training and competition IOT (In Order To) qualify MHSRA members for the National Finals Rodeo.

MISSION

3. The MHSRA will establish a Shooting Program IOT conduct sanctioned shooting competitions and qualify MHSRA members for the National Finals Rodeo.

EXECUTION

4. Concept of Operations
 - a. The establishment of the MHSRA Shooting Program will be conducted in four phases:
 - i. Phase 1 – Planning and Coordination – Phase one will see the MHSRA Sports Shooting Coord conduct the necessary coordination an planning to establish the Shooting Program while the MHSRA membership will be expected to register on the Shooting Program Nominal roll, Annex A, to identify their interest n participating in the MHSRA Shooting Program. The form must be emailed to iSports Shooting Event Coordinator;
 - ii. Phase 2 – Training – Any MHSRA member wishing to participate in the shooting events must register and complete the online Manitoba Hunter Safety Program, Ref C. Completion of the course and passing the exam must be done within 90 days of registration and members must hold a valid MB Hunter Safety Program Certificate prior to entering a MHSRA sanctioned Shooting Event. The financial cost of the Hunter Safety Program is \$65 and is the responsibility of the member. On enrollment and on successful completion of the Hunter Safety Program members are to notify the shooting coord and provide a copy of the exam or valid certificate. Any member who already holds a valid certificate will only have to provide a copy of the certificate to the Shooting Coord;

- iii. Phase 3 - Range Practice – In this phase a series of range practices will be conducted in the fall of 2020 to teach MHSRA members weapons handling, safety and the conduct of a NHSRA format live fire range. Members will be allowed to participate who have enrolled in the Hunter Safety Program; however it is not mandatory to have completed the program and passed the exam IOT participate in the range practice. The first range practice will be conducted NLT (No Later Than) the weekend of 17 Oct 2020 and additional practices will take place thereafter. A detailed range instruction will be issued to members prior to the range practice; and
- iv. Phase 4 – Conduct a Sanctioned MHSRA Shooting Event – In this phase MHSRA sanctioned shooting events will be conducted commencing in the Spring of 2021. All members wishing to participate in a sanctioned Shooting event must hold a valid MB Hunter Safety Program Certificate and have participated in minimum one of the range practices prior to being authorized to compete. It is the intent to to conduct multiple shooting events prior to the completion of the 2020/2021 MHSRA Season.

TASKS

5. MHSRA MEMBERSHIP
